What Is Advocacy Day?

- Advocacy Day is an opportunity for NAMI stakeholders in Maryland to join together, meet with elected officials, and tell our stories to make a difference for our communities.
- This is our opportunity to persuade legislators that our entire State is strengthened when we address the needs of individuals impacted by mental illness.
- Tuesday January 24, 2012
- Meet at 9AM at the Miller Conference Rm on the 1st Fl of the Miller Senate Bldg (11Bladen St)
- Check the NAMI Maryland website for details.
Why Participate?

- Advocacy Day offers you an unique opportunity to pass on the lessons you have learned as a person impacted by mental illness.
- Elected Officials *MUST* hear from you if we are to make a difference in the State of Maryland and in our communities.
- Your story is the most powerful tool in the arsenal available to mental health advocates!
- Give yourself credit – **YOU ARE THE EXPERT!**
One Voice

- We must all provide the same platform to legislators.
- It is more effective to speak with One Voice than discuss issues which are of personal interest to you – no matter how important they are.
- Often the issues that resonate with us individually are not the issues to discuss with a State Legislator.
- Impacting the *legislative agenda* is our singular goal for Advocacy Day.
Important Issues

- Fund our public mental health services
- Prioritize services for the severely mentally ill
- Support reforms to ensure effective delivery of all integrated mental health, substance abuse, and physical health services.
- Support services that allow people to live successfully in our communities (e.g. housing, employment, education)
One Message

- "Individuals and families impacted by mental illness need your support to live healthy and balanced lives as active participants in our community. Your support can protect mental health services and preserve the hope of recovery. Thank you."
- **Memorize and repeat this message!**
The Legislative Session

- January 9th - Governor releases his budget to the General Assembly
- January 11th - General Assembly convenes
- January 24th - NAMI MD Advocacy Day
- February 3rd - Senate bill submission closes
- February 10th - Senate Budget Hearings on MHA
- February 11th - House bill submission closes
- February 13th - House Budget Hearings on MHA
- April 9th - “Sine Die” (last day of the legislative session)

Throughout January, February and March (until Sine Die) NAMI Maryland needs your support to ensure that the needs of individuals impacted by mental illness are properly and effectively met in both the State budget and potential legislation.
